

UOVO is the nation's leading storage and services provider for art, fashion, wine, archives, and collectibles with state-of-the-art facilities across the United States.

UOVO's world-class technical team has decades of experience developing crating solutions for artworks of all types. We offer a number of core crating options with endless customizations to meet your needs. Our dedicated Account Managers, expert craters, and crating partners will help manage your entire project from end to end, including local transportation and international shipping, installation, and storage.

# Featured Crating Solutions

## LOW-PROFILE CRATE

Our Low-Profile Crate is an economical solution for most flatworks and objects. Low-Profile Crates do not feature any exterior reinforcing or battening. They are suitable for shipping via most air freight and shuttle services.

## STANDARD CRATE

UOVO's Standard Crate provides enhanced strength and durability with battened exteriors to protect art and fragile objects. Standard Crates are designed to withstand multiple uses and can be outfitted to accommodate a variety of different mediums.

## EXHIBITION CRATE

Our Exhibition Crate is the highest standard for fine art museums and institutions. Exhibition Crates are custom-built for objects that will travel extensively. Exhibition Crates function as insulated micro-environments, safe from fluctuations in temperature and impact shocks that may be encountered during travel.

# Customizations and Accessories

In addition to our core crating solutions, we offer many types of crating configurations and accessories.

Customizations include:

- Travel Frames
- End Loader Crates
- Flat Ride Crates
- Top Loading Crates
- Lean-Riding Crates (A-Frames)
- 3D Bracing
- Cavity Packs
- Anti-Static Packaging
- Shock-Absorbing Skids

Contact our crating experts to find the best fit for your project.
